

MONITOR

1

Set Goals

2

Identify Success Indicators

3

Create Schedule for Checking Progress

4

Collect and Document Data

5

Evaluate Results

6

Adjust When Necessary

ADJUST Goals

The Monitoring Process Often Includes Adjustment

Plans may need to be adjusted based on evolving needs and resources

Let's discuss:

What are some things that may change in a student's life that might necessitate a change in their goals?

What are some things that may change in a school or community that might necessitate a change in goals?
