Report of Independent Auditors

Board of Directors
Communities In Schools, Inc.

Opinion

We have audited the financial statements of Communities In Schools, Inc. (CIS), which comprise the statements of financial position as of September 30, 2024 and 2023, and the related statements of activities and changes in net assets, functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of CIS as of September 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CIS and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Adoption of New Accounting Standard

As discussed in Note A to the financial statements, effective October 1, 2023, CIS adopted Financial Accounting Standards Board Accounting Standards Update 2016-13 and subsequent amendments, *Financial Instruments—Credit Losses (Topic 326)*. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CIS' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CIS' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CIS' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

Note A - Organization and Significant Accounting Policies

Organization

Communities In Schools, Inc. (CIS) was incorporated in Georgia on April 28, 1977 and commenced operations in June 1977. CIS is a not-for-profit corporation, the purpose of which is to surround students with a community of support, empowering them to stay in school and achieve in life. CIS works through four primary areas to achieve its mission:

Public Awareness and Communications – Building awareness of America’s dropout problem and positioning CIS as a solution to this problem.

Student Supports – Working with CIS state offices and local affiliates to build capacity within the CIS network as well as evaluating and disseminating evidence-based program practices.

Advocacy and Thought Leadership – Educating legislators, public officials, and the general public on a non-partisan basis on the types of and benefits of public policies conducive to improving public education, by means of research, publications, lectures and legislative involvement. Establish CIS as a thought leader in integrated student supports including keeping abreast of trends about the sectors and educating partners in the education field through convening and printed materials.

External Services – Working with school districts to provide a variety of services including implementing the CIS model, provide training opportunities on integrated student supports and providing turn around school services as well as providing organizational development consulting to new affiliates. These activities are included under Student Supports in the statement of functional expenses.

National and Local Organizations

CIS developed a replication plan to build a network of locally supported not-for-profit organizations responsible for implementing CIS programs in local communities. CIS’ separately incorporated local organizations’ activities are not included in CIS’ financial statements. There were 90 local and 6 state and 8 regional affiliates and 95 local and 8 state and 5 regional affiliate CIS organizations at September 30, 2024 and 2023, respectively.

Notes to Financial Statements (Continued)

Note A - Organization and Significant Accounting Policies (Continued)

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP) promulgated by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC). Consequently, revenue is recognized when earned and expense is recognized when the obligation is incurred. Additionally, as required by GAAP, CIS reports its net assets as follows:

Adoption of Accounting Standard

CIS adopted Accounting Standards Update (ASU) 2016-13 and subsequent amendments, Financial Instruments – Credit Losses (Topic 326) (the guidance) on October 1, 2023. The guidance replaces the incurred loss impairment model with an expected loss model, also referred to as the current expected credit loss (CECL) model. The model requires CIS to measure expected credit losses on financial assets measured at amortized cost and financial assets not measured at fair value and record an allowance for credit loss against those assets. CIS adopted the guidance using the modified retrospective approach. There was no impact to CIS from adopting the standard as of October 1, 2023.

Net Assets Without Donor Restriction – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restriction – Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. For net assets held in perpetuity, the donors of these assets permit CIS to use all or part of the income earned on related investments for either general or donor-specified purposes. Distributions are released from restriction when they are drawn down by CIS.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Communities In Schools, Inc.

Notes to Financial Statements (Continued)

Note A - Organization and Significant Accounting Policies (Continued)

Cash and Cash Equivalents

CIS considers all cash and highly liquid short-term investments with an original maturity of three months or less to be cash equivalents. Throughout the year, CIS has cash balances in financial institutions that are in excess of Federal Deposit Insurance Corporation (FDIC) coverage.

Management does not consider these balances to be a significant credit risk.

Cash Held for Restricted Purposes

CIS maintains certain funds as collateral under the terms of its corporate office-operating lease. These monies are reflected as cash held for restricted purposes on the statement of financial position.

Investments and Fair Value Measurements

Investments are recorded at fair value. Investment income or loss, including realized and unrealized gains and losses, net of fees, is included in the statement of activities as an increase or decrease in net assets without donor restrictions unless the income or loss is restricted by donor or law.

GAAP establishes a three-level hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The levels of the hierarchy are as follows:

Level 1 – Inputs to the valuation methodology are quoted (unadjusted) for identical assets or liabilities traded in active markets that CIS has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability and market-corroborated inputs.

Level 3 – Inputs to the valuation methodology are unobservable for the asset or liability and are significant to the fair value measurement.

Communities In Schools, Inc.

Notes to Financial Statements (Continued)

Note A - Organization and Significant Accounting Policies (Continued)

Investments and Fair Value Measurements (continued)

Fair values are based on quoted market prices when available (Level 1). When market prices are not available, fair value is generally estimated using current market inputs for similar financial instruments with comparable terms and credit quality, commonly referred to as matrix pricing (Level 2). In instances where there is little or no market activity for the same or similar instruments, estimates of fair value are made using methods, models and assumptions that management believes are relevant to the particular asset or liability, which may include discounted cash flow analysis or other income based approaches (Level 3). These valuation techniques involve some level of management estimation and judgment. Where appropriate, adjustments are included to reflect the risk inherent in a particular methodology, model or input used and are reflective of the assumptions that market participants would use in valuing assets or liabilities.

During 2024 and 2023, CIS' endowment was invested in equity, US fixed income, and alternative assets comprised of hedge funds and real estate and infrastructure. A portion of the hedge fund holdings are not publicly traded; their fair value is based on CIS' pro-rata share of the net asset value of the respective funds at the statement of financial position date, which are based on the fair value of the underlying securities held by each respective fund. These investments measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy.

These alternative investments are open-ended funds that offer subscription and redemption options to investors. Subscription provisions are monthly, and redemption provisions are quarterly and require up to 95 business day written notice prior to execution. As of September 30, 2024 and 2023, there are unfunded commitments related to these investments as described in Note C - Investments and Fair Value Measurement.

Risks and Uncertainties

CIS invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statement of financial position.

Pledges and Grants Receivable

Unconditional promises to give are recorded as contributions in the period the promise is made. Contributions and grants receivable primarily consist of amounts due for federal and nonfederal grants. Contributions and grants receivable are presented at their net realizable value. CIS management periodically reviews the status of all receivable balances for collectability based on its knowledge of the relationship with the donor and the age of the receivable balance. As a result of these reviews, CIS does not believe an allowance for doubtful accounts is necessary as of September 30, 2024 and 2023. See Note B for additional information.

Communities In Schools, Inc.

Notes to Financial Statements (Continued)

Note A - Organization and Significant Accounting Policies (Continued)

Accounts Receivable

Trade receivables are carried at original invoice amount less an estimate made for credit losses based on management's judgment and analysis of creditworthiness, past collection experience, and other relevant factors. In management's opinion, all receivables are fully collectible; therefore no allowance for credit loss has been recorded as of September 30, 2024 and 2023. Amounts recorded as accounts receivable as of September 30, 2024 and 2023 are expected to be collected within one year.

Credit Losses

CIS measures expected credit losses on financial assets held at amortized cost and financial assets not measured at fair value, and records an allowance for credit loss when management determines a credit loss exists. Allowances for credit losses are recorded as contra-assets that reduce the corresponding financial assets on the statements of financial position, with the offset recorded as credit loss income (expense) in the statements of activities. As the estimate of expected credit losses changes with subsequent evaluations, those increases and decreases are recognized in the statement of activities. CIS writes off uncollectible amounts against the allowance for credit losses when it determines that a financial asset is partially or fully uncollectible.

Prior to the adoption of the credit loss standard on October 1, 2023, financial assets reported at amortized cost were reviewed for impairment using an incurred loss model.

Furniture and Equipment

Fixed assets are stated at cost when acquired, or fair value when donated. All fixed assets greater than \$5,000 are capitalized at cost. Furniture, equipment and software are depreciated using the straight-line method over the estimated useful life of the asset, ranging from three to five years. The office cubicles and leasehold improvements are depreciated using the straight-line method over the lesser of their estimated useful life or the life of the office lease when the asset is put into service.

Note A - Organization and Significant Accounting Policies (Continued)

Leases

CIS determines if an arrangement is a lease or contains a lease at inception of a contract and classifies each lease as an operating or finance lease. A contract is determined to be or contain a lease if the contract conveys the right to control the use of identified property, plant, or equipment (an identified asset) in exchange for consideration. CIS records a right-of-use (ROU) asset for the right to use an underlying asset for the lease term and a lease liability, on a discounted basis, for the obligation to make lease payments arising from the lease. CIS has elected the risk free rate as the discount rate for all its underlying leased assets. The lease term includes options to extend the lease that CIS is not reasonably certain to exercise. ROU assets are subject to review for impairment.

For operating leases, lease expense relating to fixed payments is recognized on a straight-line basis over the lease term and lease expense relating to variable payments is expensed as incurred. CIS has elected as an accounting policy not to record ROU assets and lease liabilities that arise from short-term leases for any class of underlying asset.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among programs and supporting services based on headcount and actual time and expenses incurred.

Support and Revenues

Other revenue

Goods provided - CIS recognizes revenue from sales of advisory and training products which are considered the performance obligations. CIS satisfies the performance obligations once the product is provided to the customer which is when the customer takes title. CIS' revenue is measured based on the amount of fixed consideration that is expected to be received and is agreed upon with the customer. Sales advisory and products are generally not returnable. Amounts received in advance are recorded as deferred revenue and recognized as revenue once the performance obligation has been satisfied. Training products are generally not returnable. Revenue is recognized once the training has been delivered. Payment is due based on the terms of the individual agreements with customers.

Services rendered - CIS recognizes revenue from services when the services are provided which is considered the performance obligation. CIS satisfies the performance obligations once the advisory services have been provided over the agreed upon time frame. CIS' revenue is measured based on the amount of fixed consideration that is expected to be received and is agreed upon with the customer. Services provided are generally not returnable. Amounts received in advance are recorded as deferred revenue and recognized as revenue once the performance obligation has been satisfied. Payment is due based on the terms of the individual agreements with customers.

Grants and contributions

Grants and contributions are recognized when an unconditional promise to give is received. Conditional promises to give, with a measurable performance obligation or other barrier and a right of return, are not recognized until the conditions on which they depend have been met.

Grants and contributions received prior to meeting the conditions are reported as refundable advances in the statements of financial position. Contributions are recorded as with donor restrictions or without donor restrictions, depending on the existence or nature of any donor-imposed restrictions. When a donor restriction expires, through accomplishment of a purpose or expiration of a time restriction, net assets with donor restriction are reclassified as net assets without donor restriction and reported as net assets released from restriction in the statements of activities. However, contributions and related investment revenue which are both received and released from restriction in the same year are reported as net assets without donor restriction in that year.

A portion of CIS' revenue is derived from cost-reimbursable grants from various sources. Amounts received are recognized as revenue without donor restriction when expenses have been incurred in compliance with specific contracts or grant provisions. Amounts received prior to incurring qualifying expenses are reported as refundable advances in the statements of financial position. Grants receivable represent amounts expended and not yet reimbursed under a Federal grant awarded to CIS.

In kind contributions

Contributed nonfinancial assets and services are recorded in the accompanying statement of activities and changes in net assets at their estimated fair value in the year received.

Income Tax Status

CIS is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and has been classified by the Internal Revenue Service as a publicly supported organization.

Management has concluded that CIS has properly maintained its exempt status. In accordance with GAAP, CIS has concluded that there are no uncertain tax positions and has further concluded that revenue within the statement of activities has been properly classified as exempt as of September 30, 2024.

Subsequent Events

CIS has evaluated subsequent events for disclosure and recognition through February 24, 2025, the date on which these financial statements were available to be issued.

Endowment Funds

CIS reports its endowment activity in accordance with the accounting guidance for Endowments of Not-for-Profit Organizations, which provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). CIS has made the required disclosures in, *Endowment Funds*.

Reclassifications

Certain reclassifications of amounts previously reported have been made to the accompanying financial statements to maintain consistency between periods presented. The reclassifications had no impact on previously reported net assets.

Note B - Pledges Receivable

Pledges receivable represent unconditional promises to give by donors. At September 30, pledges receivable are comprised as follows:

	2024	2023
Receivable within one year	\$ 669,810	\$ 3,861,500
Receivable in one to three years	75,000	-

Note C - Investments and Fair Value Measurements (Continued)

The estimated fair value, remaining commitment, and redemption requirements in alternative investment funds at September 30, 2023 are summarized as follows:

	<u>Fair Value</u>	<u>Remaining Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Hedge Funds	\$ 4,326,664	\$ 3,466,532	Quarterly	Up to 95 days
Real Estate & Infrastructure	\$ 788,841	\$ 700,000	Quarterly	Up to 95 days

Investments in alternative investment funds are typically valued, as a practical expedient, utilizing the net asset valuations provided by the underlying private investment companies or their administrators, without adjustment, when the net asset valuations of the investments are calculated in a manner consistent with GAAP for investment companies. CIS applies the practical expedient to its investments in private investment companies, unless it is probable that CIS will sell a portion of an investment at an amount different from the net asset valuation. If it is probable that CIS will sell an investment at an amount different from the net asset valuation or in other situations where the practical expedient is not available, CIS considers other factors in addition to the net asset valuation, such as features of the investment, including subscriptions and redemption rights, expected discounted cash flows, transactions in the secondary market, bids received from potential buyers, and overall market conditions in its determination of fair value.

Investments in alternative investment funds that are not valued using the practical expedient are included in Level 2 or 3 of the fair value hierarchy. In determining the level, CIS considers the length of time until the investment is redeemable, including notice and lock-up periods or any other restriction on the disposition of the investment. CIS also considers the nature of the portfolios of the underlying private investment companies and their ability to liquidate their underlying investments. If CIS does not know when it will have the ability to redeem the investment or it does not have the ability to redeem its investment in the near term, the investment is included in Level 3 of the fair value hierarchy. As of September 30, 2024, no adjustments were made to the valuations provided by the underlying private investment companies.

CIS' holdings contain investments in hedge funds and real estate investments not publicly traded and are value based on the unit net asset value of each fund. At September 30, 2024 and 2023, these holdings are \$5,500,695 and \$5,115,105, respectively, of CIS' investment portfolio. The investment strategies of these holdings are as follows:

<u>Fund valued with NAV</u>	<u>Investment Strategy</u>
Clarion Private Investors, LLC	Real estate fund
Grosvenor Alternative Investments	Globally diversified, multi-strategy fund

Note E - Related Parties

CIS receives cash from grants and contributions designated by the grantors to be given to specific state and local CIS affiliates. The total amount held by CIS and owed to affiliates was \$702,952 and \$1,128,918 as of September 30, 2024 and 2023, respectively. The amount owed to affiliates is recorded within accounts payable and accrued liabilities on the statements of financial position.

Certain members of the CIS Board of Directors have made contributions and/or pledges to CIS. These contributions approximated 0.70% and 1.30% of CIS' total support and revenues in 2024 and 2023, respectively. Total outstanding pledges receivable from members of the CIS Board of Directors totaled approximately 8.73% and 15.84% of total pledges receivable in 2024 and 2023, respectively. The contributions received were made to support the general operations of CIS and designated funds for college and career readiness support and innovation challenge awards.

CIS has an advertising contract with SS+K LLP, a marketing agency that is partially owned by a member of the CIS Board of Directors. CIS incurred approximately \$1,200,000 and \$500,000 of expenses to SS+K in 2024 and 2023, respectively.

Note F - In Kind Contributions

Total donated services recorded for fiscal year 2024 and 2023 was \$39,620,974 and \$45,274,223, respectively. In 2024 and 2023, in-kind contributions consisted of donated media services from the Causeway Agency, these services were recorded at fair value using the current rates of the professionals providing the services. The services benefited the public awareness and communications program as well as fundraising, and were recorded without donor restrictions.

Note G - Retirement Plans

CIS sponsors a defined contribution pension plan (the Plan). All CIS employees are eligible to participate in the Plan immediately upon hiring. Employees are eligible to receive CIS' voluntary and matching contributions after they have completed one full year of service with CIS. At the Board's discretion, CIS makes contributions to the Plan. During the years ending September 30, 2024 and 2023, these contributions were 3 percent of an employee's salary and a matching component of up to 3 percent of an employee's contribution. CIS contributed \$495,520 and \$415,625 to the Plan in 2024 and 2023, respectively. The Plan is exempt from federal income taxes under Section 403(b) of the IRC. CIS is the Plan sponsor.

During the year ending September 30, 2013, CIS created a deferred compensation 457 plan. This plan was created for the benefit of certain executive employees. CIS contributed approximately \$25,000 and \$40,500 to the Plan in 2024 and 2023, respectively. The related assets and liabilities for the plan are included in CIS' statements of financial position within other assets and accounts payable and accrued liabilities.

Note H - Leases

CIS entered into an operating lease for office space in Arlington, Virginia which runs from September 2014 through March 2025. The lease also contains yearly rental increases based on CPI. At the end of the initial lease term, CIS has the option to renew the lease for one renewal term of 5 years. CIS is not reasonably certain to exercise this option as of the year ended September 30, 2024.

Note J - Endowment Funds

CIS' endowment funds consist of an individual donor fund as of September 30, 2024 and 2023 established for various purposes. The endowment is a donor-restricted endowment fund. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

CIS is subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the Board appropriates such amounts for expenditure. The Board of Directors of CIS has interpreted UPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund unless the fund donor stipulates the contrary.

Communities In Schools, Inc.

Notes to Financial Statements (Continued)

Note J - Endowment Funds (Continued)

Interpretation of Relevant Law (continued)

CIS considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. CIS has interpreted UPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. Additionally, in accordance with UPMIFA, CIS considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the organization and the donor-restricted endowment fund
3. General economic conditions
4. The possible effects of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of the organization
7. The investment policies of CIS

Return Objectives and Risk Parameters

CIS has adopted investment and spending policies for endowment assets that attempt to maintain the real purchasing power of the Fund and provide a stable source of liquidity and financial support for the mission of CIS. Under these policies, the board acknowledges the importance of preserving capital but recognizes the necessity of accepting risk if the Fund is to be able to meet its long-term investment goals.

Strategies Employed for Achieving Objectives

To satisfy its long-term rate of return objectives, CIS relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends).

The current asset allocation for endowment funds targets a composition of 65% in equities and 15% in fixed income and cash, with allowance of up to 20% in alternative investments as approved by the Board of Directors.

Spending Policy and How the Investment Objectives Relate to Spending Policy

Distributions from the Fund will be made in accordance with UPMIFA as adopted by the Commonwealth of Virginia. UPMIFA allows the institution to determine the prudent amount to be appropriated for expenditure from endowment funds within the restrictions of any gift agreements.

Communities In Schools, Inc.

Notes to Financial Statements (Continued)

Note J - Endowment Funds (Continued)

Spending Policy and How the Investment Objectives Relate to Spending Policy (continued)

The policy spending rate for the Fund shall be 4 percent of the Fund's average balance at the end of the prior three fiscal years. In the case that investment returns for the prior fiscal year are in the negative and/or the endowment balance has lost value such that it is nearing the original value of gifts donated to the permanent endowment the Finance Committee may determine that a lesser amount will be distributed and submit the proposed reduced amount for Board approval.

Appropriations from the Fund in excess of the policy spending rate may be made when CIS has a unique, non-routine special initiative that is underfunded. In such cases, the Committee will determine the prudent amount to be appropriated and submit the proposed appropriation for Board approval. Any other special appropriations or decision not to spend the amount indicated by the policy spending rate must also be approved in advance by the Board of Directors.

Endowment net assets, by fund, were comprised of the following as of September 30, 2024:

Note K - Liquidity and Availability of Resources

CIS' financial assets available for general expenditure within one year of the date of the statements of financial position are as follows:

	<u>2024</u>	<u>2023</u>
Cash and cash equivalents	\$ 31,951,508	\$ 12,076,723
Accounts receivable	397,157	113,906
Government grants receivable	64,856	91,333
Pledges receivable	669,810	3,861,500
Reserves appropriated for current use	4,000,000	6,500,000
Short-term investments	6,696,404	5,114,228
Long-term investments appropriated for current use	1,680,000	1,350,000
	<u>\$ 45,459,735</u>	<u>\$ 29,107,690</u>

CIS is substantially supported by restricted contributions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, CIS must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of CIS' liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.
